If you need to call the font from your CSS file, use this tag : "font-family: design-soft-icons"

HOW TO INSERT ICONS INTO YOUR WEBSITE?

First, link your HTML page to the icon fonts and CSS files.
(The easier way: use our icon cloud, by pasting in you HTML header the code we provide above when you press "Publish")

Then, add the data-icon attributes, from the Icons Reference above, into any HTML tag:
